Other Immediate Essential Needs	\$50	\$400
TOTAL PROJECT BUDGET	\$375	\$3,000

PROJECT-SPECIFIC BUDGET NARRATIVE

Prodigal Daughters Journey Home is requesting \$3,000 to provide essential basic-needs assistance for an estimated eight incoming families during the grant period. This represents an average investment of approximately \$375 per family.

Because each mother enters our program with different circumstances and children of different ages, the exact needs of each family will vary. One family may need diapers, wipes, and baby supplies, while another may have a greater need for children's clothing, shoes, bedding, or hygiene products. Funds will therefore be used based on the individual needs of each family at the time of admission.

The project budget includes \$800 for clothing and undergarments; \$400 for shoes and socks; \$520 for bedding, pillows, and linens; \$360 for personal hygiene and feminine-care products; \$520 for diapers, wipes, baby or child-specific necessities; and \$400 for other immediate essential needs.

One hundred percent of the requested funding will directly benefit women and children entering our residential program. Grant funds will not be used for salaries, administrative expenses, capital improvements, fundraising, advertising, or religious programming.
